## ICESAFE RAPID CLEAR

Daltrade Chemicals, part of the Plater Chemicals group, can now offer the new formulated Icesafe Rapid Clear.

After research and development work with our long established partners in Poland we are able to supply a blend of 70% Sodium Chloride : 30% Calcium Chloride Flake for use in de-icing and the prevention of glazed frost. In response of the unprecedented low temperatures experienced in recent years, Daltrade are able to provide a next day service for Rapid Clear in 25 kilo plastic bags, packed 1 tonne per pallet all stored at our new distribution warehouse at the port of Goole, East Yorkshire.
