

ICESAFE PREMIUM FLAKE

Plater Chemicals are proud to offer the highly efficient Icesafe Premium Flakes. After Cooperation with our long established partners in Poland, we are able to supply a flake of 77% Calcium Chloride for use in de-icing during extreme temperatures experienced in recent years.

Plater Chemicals will provide a next day service for Icesafe Premium Flakes in 25kg plastic bags packed 40 bags per pallet. This product is stored at our new distribution warehouse at the port of Goole, East Yorkshire.
